

MBA CORPORATE FINANCE & FINANCIAL CONTROL

PROGRAM HIGHLIGHTS

The MBA Banking & Finance offers full immersion in the world of finance, with courses taught by seasoned industry experts.

It combines strong theoretical training with practical experiences in France and/or abroad, allowing students to gain a global perspective on today's financial challenges — all while mastering English, the essential language of the industry.

Students will have the opportunity to specialize in one of the key areas of finance: Banking or Corporate Finance.

KEY POINTS
